Re: Light Gauge Steel Roof Trusses
United Auto Workers Local 862
Fern Valley Road
Louisville, KY 40218

Dear Mr. Melvin:

We are taking this opportunity to advise you of your company's excellent performance. The above referenced project was a BID project and your prices were very competitive. Your staff was very professional, responsive, and cooperative from inception to completion. Their attention to details and emphasis on the Owner's satisfaction was a welcome change. The trusses were a quality product; completed in a timely manner; we experienced zero call backs; and the Owner's schedule was met.

We are very satisfied with Tri-State and we will be pleased to recommend them to our associates in the future.

Sincerely,
A M Contracting, Inc.

Frank Avis, President
