Attn: Stuart Melvin

Dear Stu,

I just wanted to write you a line or two regarding the overall satisfaction that we at Danco Construction, Inc. have experienced with the truss products that you have supplied to us on several projects the last few years.

The trusses were top quality, the information received from the bidding process to the shop drawings was extremely detailed and very helpful & the delivery was right on schedule as promised. When there was a problem your team helped rectify that immediately and got us back to installing (because that's what we need to do).

We appreciate the professional & cooperative manner in which you operate, it makes life a lot easier for us all.

Thanks again for the teamwork and look forward to other projects in the future!

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Jones", written in a cursive style.
